

TEXTURE SPRAYABLE OVERLAY

PRODUCT INFORMATION

Durável TSO is a heavy-duty decorative texture cement overlay system which is designed to beautify old and new concrete. Using the latest single component technologies, Durável TSO has been engineered to lead the industry in strengths, durability, adhesion, and ease of use. Durável TSO can be applied using conventional concrete tools to create multiple textures and finishes. Add Overlay Color Packs to integral pigment Durável TSO in a range of designer colors. Texture options include spray textures such as knockdown and stencil finishes. Unique and extraordinary surfaces can also be created to replicate natural stone, slate, or even wood surface with the addition of In-Fluence stain colors and select Durável sealer. Durável TSO will handle all residential and commercial traffic, including light vehicular traffic. Warm and cool weather formulations keep you working year round. Durável packages overlay and repair mortars in weather-resistant plastic bags to extend product shelf life. Please help take care of the environment and take our empty bags to a recycling center!

TSO

TEXTURE SPRAYABLE OVERLAY

CUSTOM TEXTURES

Using standard concrete tools, choose to create a surface that is tried and true, or one that is unique and personalized. Durável TSO is friendly enough to be used by a new craftsman or a seasoned veteran with an eye for creating a spectacular surface.

RESIDENTIAL

Customers want new and safe surfaces to enhance their concrete from the curb to the back yard, and everywhere in between. Durável TSO is a versatile coating that can create a low slip surface for the driveway or around the pool. If boring concrete is under your feet, create a new look for any concrete surface.

COMMERCIAL

Concrete in commercial spaces often looks boring, damaged, or just worn out. Durável TSO will provide a long lasting, easy to maintain, beautiful surface that will give the property the facelift it deserves. The new overlay will enhance the overall appearance while providing a slip resistant beautiful surface with long service life.
