MISCELLANEOUS PRODUCTS

C-99

TECHNICAL DATA SHEET

COMPONENTS
1

DESCRIPTION

C-99 is an odorless cleaning solvent/reducer that can be used to clean up and/or thin our 2K epoxy and polyaspartic products.

RECOMMENDED USES

C-99 is a great cleaning solvent. It can also be used to reduce high viscosity polyaspartic and epoxy materials. The maximum dose should not exceed 10%.

LIMITATIONS

Exceeding 10% of C-99 may result in softer film development and decreased resistance to staining especially from chemicals and rubber tire printing.

SURFACE PREPARATION

The coating installer should fully read and understand ICRI310.2R-2013 and OSHA 29 CFR 1926.1153 before starting preparatory work. The aim, of preparing a substrate for coating applications, is to roughen the surface, remove weak layers, contaminants, dirt, debris and present a solid, clean, dry substrate for the primer. If unsure as to the level of preparation needed contact Polymer Nation at techservice@polymernation.com

MIXING

See Technical Data Sheet or contact your local Polymer Nation Distributor

COMPONENTS

GENERAL PRODUCT INFORMATION

Chemistry	Miscellaneous Products
Number of Components	1
Odor	Odorless

COVERAGE & PACKAGING

Packaging	1 Gallon

STORAGE, HANDLING & SAFETY

Store material in a protected dry location, away from direct sunlight and freezing. Refer to the current Safety Data Sheet (SDS) for this product before handling, mixing, or applying. Use appropriate personal protective equipment and ensure adequate ventilation during application and cure. * Dispose of material, containers, solvents, etc., per Federal, State and local guideline, rules and laws

TEST DATA

Test data has been gathered from testing conducted by independent, internal and third party testing. The best way to compare coating performance is by head-to-head independent testing as this removes the numerous variables found between testing standards, equipment and testing agencies.

TYPICAL VALUES

The information here is general information to help our customers determine whether our products suit their specific applications. Our products are intended for sale to commercial and industrial customers. We require that customers inspect and test our products before use to satisfy themselves as to the content and suitability for the applications they intend to use our products. Nothing herein shall constitute any warranty expressed or implied, including any warranty of merchantability or fitness for a particular purpose, nor is any protection from any law or patent to be inferred. The exclusive remedy for all proven claims is the replacement of our materials, and we shall not be liable for incidental or consequential damages.
